COVID-19 PROTOCOLS TO GET IN GUADELOUPE*

Foreign citizens can travel to the French Overseas Territories depending on their vaccination status and the health situation of their country.

To date, the classification of the country is as follows:

- "**Green**" countries / territories: countries / territories in which no active circulation of the virus is observed, and no variants of concern have been identified. These are the countries of the European area, to which are added Saudi Arabia, Australia, Bahrain, Brunei, Canada, Chile, the Comoros, South Korea, Hong Kong, Japan, Jordan, Lebanon, New Zealand, Singapore, Taiwan, Ukraine, Uruguay, and Vanuatu.
- "**Orange**" countries / territories: countries / territories in which active circulation of the virus is observed in controlled proportions. These are all countries / territories that are not included in the lists of "green" and "red" countries / territories.
- "**Red**" countries / territories: countries / territories in which active circulation of the virus is observed with the presence of variants of concern. These are the following countries / territories: Afghanistan, South Africa, Algeria, Argentina, Bangladesh, Brazil, Colombia, Costa Rica, Cuba, Georgia, Indonesia, Iran, Maldives, Morocco, Mozambique, Namibia, Nepal, Pakistan, Democratic Republic of Congo, Russia, Seychelles, Suriname, Tunisia, and Turkey.

The control rules that are applied to travelers derive from common law and depend on the categorization of the country:

Ø for "**green**" countries, a negative **PCR test of less than 72 hours** or a **negative antigen test of less than 48 hours** is required for all passengers. In addition, IF you are NOT FULLY

VACCINATED, you will also need a **7-day prophylactic isolation commitment**.

Ø for "orange" countries, a negative **PCR test of less than 72 hours** or a **negative antigen test of less than 48 hours** is required for all passengers. In addition, IF you are NOT FULLY VACCINATED, you will also need a **compelling reason, duly justified** according to a pre-established list, and a **7-day prophylactic isolation commitment**.

Ø for the "red" countries with high circulation of the virus, no resumption of traffic. The resumption of international air and sea links is linked to the commitment of companies (air and sea) to carry out checks on compliance with the conditions to be met by passengers before their departure.
